Lincraft

Loopz Ribbed
Scarf

#A608

MEASUREMENTS

Size	One Size	
Width	cm	16
Length (approx)	cm	200
Yarn Required:		
Lincraft Loopz	200g balls	2

DIFFICULTY ●●●

TIPS:

- No needles required
- Work on a flat surface
- Stitches are formed by pulling loops (of working yarn through loops (of project)
- To join a new ball to project, overlap three loops from the 1st ball with three loops from the 2nd ball. Work overlapping loops as one
- Right side of work will be facing throughout. Check back of work occasionally for missed loops

RIBBED SCARF:

Find end of ball and unwind a length.

Snip open the first 2 loops to create a tail for weaving in later.

Count 12 loops and lay them flat with loops facing upwards.

Row 1 (right side): Working from right to left, pull a loop of working yarn through each of the 12 loops of project from back to front.

Row 2: Working from left to right, skip 1st edge loop, then pull a loop of working yarn through each of the project loops, as follows:

*2 loops from back to front. Move working yarn to front of work and pull 2 loops from front to back. Move working yarn to back of work. * Repeat until 3 loops left, pull a loop through each of 3 loops from back to front.

Row 3: Working from right to left, skip 1st edge loop, then pull a loop of working yarn through each of the project loops, as follows:

*2 loops from back to front. Move working yarn to front of work and pull 2 loops from front to back. Move working yarn to back of work. * Repeat until 3 loops left, pull a loop through each of 3 loops from back to front.

Last 2 rows form rib pattern. Continue to work loops until Scarf measures 200cm from beg.

BIND OFF:

Pull the 1st 2 loops of working yarn through the 1st 2 loops of project (back to front). Now, pull the 2nd loop through the 1st loop, pull a 3rd loop of working yarn through next loop (back to front), then pull that loop through the previous loop. Continue in this manner, working next 2 stitches from front to back, then next 2 from back to front. Once row is complete and all loops except last one secured, cut working yarn and cut 2 loops open, draw yarn through last loop.

FINISHING:

Using fingers (or large wool needle), weave ends into work, hiding amongst stitches. Trim ends.
